Art Unit:

Claims 1-56 are presented for examination.

The newly submitted claims 31-56 are objected to as being improper. Such claims must be entirely underlined. See 37 CFR 1.173 (d) and MPEP 1453 for proper amendment presentation.

1. Claims 1-30 are rejected under 35 U.S.C. 251 as being broadened in a reissue application filed outside the two year statutory period. Removing the limitations "cellulose solution free of particulate matter and gels) [greater than 0.5 Um in diameter]..." is impermissible . A claim is broader in scope than the original claims if it contains within its scope any conceivable product or process which would have infringed the original patent. A claim is broadened if it is broader in any one respect even though it may be narrower in other respects.

Note: a supplemental declaration is required for any amendment made during the prosecution.

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to examiner Fay whose telephone number is (703) 308-4604.
